This striking country plan features appealing rustic touches that deliver comfort and style.

Never too much of a good thing! This new design takes a time tested concept and puts a modern, fresh twist on it. An island kitchen is the hub of all activities and anchors the common spaces (including the vaulted family room). Take advantage of nice weather and great views with the covered outdoor living spaces. Relax in the large master oasis on the left wing of the plan. Upstairs, a bonus room, additional bedroom (perfect for guests), and bath reside.
